

Apply – Task 1

Cut out these statements and sort them into three piles:

- Totally true
- Totally false
- It depends

AI data processing centres demand a huge amount of power to run them.

AI will take our jobs and eventually replace us all.

AI is a powerful search engine.

Chatbots perfectly imitate human conversations.

Human friends make you feel better about yourself than chatbots.

Chatbots can show genuine empathy and emotion.

AI is a useful tool if used responsibly.

AI erodes our thinking skills.

AI can only draw from information that is already available on the internet.

AI is very good at making informed guesses.

You can trust the answers you get from AI.

AI is already making improvements to our lives.
